

District 17 Club Growth Director Report – Western Australia

The Club Alignment committee and I worked through several issues to come up with a final draft which we will propose at DECM for discussion.

Considerations were given to the following to come up with placements of clubs in Areas and in Divisions.

We wanted to ensure as a priority that areas consists of no more than 4 clubs and have a balance of strong and weak clubs and potential to grow another club.

Our current Area Directors have informed us that having 5 clubs in their Area was very demanding and challenging not to mention that we also expect them to grow another club at the same time.

We have listened to their concerns and have decided to have 6 Divisions with 4 areas consisting of 4 to 3 clubs in each of them.

Each of these Areas have a mix of strong and weak clubs and potential for growth. This will provide the incoming Area Directors the opportunity for success and leading to all Divisions and the District being successful at the same time.

We also took into consideration where clubs were situated and time of meetings.

The 6 Divisions will comprise of Central, Eastern, Southern, Northern, Western and Inner City.

We understand that we would need more Leaders to take up the extra Leadership roles.

Going forward the winners of each Division will go on and represent their Division at the District Convention. This would mean 6 contestants in all contests at the District Level.

We understand that we are not going to please everyone, but we are confident going forward that this alignment has huge potential and will make our District in a better position to achieve.

We want to clarify that this is in the best interest of all members and potential Leaders of District 17.

We hope that you will support this alignment.

Submitted by Club Growth Director Henry Yau (2018-2019) April 16th 2019
