District 17 District Director Report

DCM September 2023

September 2023

A stressful and busy start to the year ended the month requiring 2 Area Directors in order to fill all leadership vacancies. The District has established a strong base of thriving clubs, generating members who want to be in and compete for leadership roles. There are still 2 opportunities.

We are openly addressing the clubs that still need assistance and with the current leadership team we will support all clubs in achieving excellence. Provided you work with us.

Our elected and nominated leaders are strong and effective leaders ready to lead our district.

Welcome to all members of the District Leadership team. Details of your team are on the district website.

It is very pleasing to report the district have met all of Toastmasters International reporting requirements for the month of July and August.

August

The Trio embarked on District Leadership Training. This training is considered by WHQ essential for district leaders and statistics show the districts who train their leaders are the most successful districts.

Toastedmasters International challenged our budget, to sed the Trio to training, however with some fundraising, sharing of rooms, and astute fiscal management, we have managed to include this item in the budget. High cost yes, but well within scope to ensure we are able to fulfill all other expectations and budget responsibility, without affecting the bottom line significantly.

We have returned enthused, full of ideas, and ready to assist our membership to a successful and fulfilling year

Contests

Angela Booker from Zoom Masters represented District 17 at the world Championship of Public Speaking Semi Final at the Toastmasters International Convention, and was wonderful in her presentation. If you were not online for the contest, catch up videos to see all contestants are available on the Toastmasters International website.

I encourage you to become involved with club, area, and division speech contests which are starting soon. They may not take you to the world championship but will challenge and extend your skills.

Club Officer and District Officer training. The District have established a strong base of thriving clubs, generating members who want to be in and compete for all leadership roles. We are openly addressing the clubs needing assistance and with the current leadership team we will support all clubs in achieving excellence. Provided you work with us.

Educational workshops will be held during the year which we hope will improve skills and knowledge for everyone. Early registration and acceptance of the invitation will really help you and the organisers.

Membership Renewal

Over 500 members accepted the discount rate for renewal. CEO Daniel Rex declared we have never done it before and not again thousands around the world accepted that opportunity.

District success plan

The district success plan focuses on members, growth, development, and enjoyment. Please keep the leaders informed how our objective is going. Feedback will provide the perfect platform to continue providing value to you.

District Conference

District 17 Trio are working with the Conference organisers and the 2023-2024 Conference is shaping up well. Unless otherwise directed we will again be IN PERSON, yes FACE 2 FACE. Our members enjoying the company and friendship together in May 2024.

Support for Clubs

We have 10 clubs who would benefit from having Club Coaches. The district is in the process of recruiting Club Coaches to support these clubs. Another opportunity to get even more from your Toastmaster membership. You can do it all you need to do is volunteer.

All clubs with under 12 members are reminded to seek financial support, if required, to help with membership building programs.

Last Opportunity

We are on the search for the Black Swan Editor.

District 17 Program Quality Director Report

18 August 2023

A summary of our D17 current activities and forthcoming plans across various PQD focus areas is presented below as of August 2023.

Club Officer Training (COT)

From June to July 2023, our first round COT held four sessions—three in-person at Technology Park, Palms Community Centre, and Midland Junction Arts Centre, and one via Zoom.

Training encompassed 234 roles in 63 clubs: 53 active clubs (8+ members), 7 clubs with membership challenges (3-7 members), and 3 ineligible clubs (0 members). Notably, 42 clubs underwent thorough 4-7 officer training, while 10 clubs attended with 1-2 officers.

Afterwards certain clubs have initiated makeup sessions for specific officer roles. We're extending this effort to more clubs to cover missed officer training.

Attendance records are now accessible on the Toastmasters International website's club performance dashboard. Furthermore, the recorded online COT session and presentation materials are available for on-demand viewing on the District Google Drive, accessible to COT attendees.

Our strategy for the second round comprises a single session in November 2023, followed by one in January 2024 and two in February 2024. This approach will emphasize the equilibrium between in-person and online sessions, collaborative training material development with TLI, and the empowerment of Division and Area Directors for leadership development.

Division Officer Training (DOT)

In July 2023, two in-person training sessions were conducted to enhance Division and Area Director proficiency. Notably, all four Division Directors completed their training, and 86% of Area Directors (9 out of 11 ADs appointed) have benefited.

A final training session in September will ensure comprehensive coverage for the remaining 6 ADs who were either unable to attend (2 ADs) or await official appointments (4 ADs).

Workshops

Feedback garnered from DOT and COT sessions will direct the creation of dedicated workshops. Scheduled for three in the second half of 2023 and three in the first half of 2024, these workshops will delve deeply into key subjects, enhancing ongoing training alongside the biannual COT sessions.

Our initial online workshop, 'Building Membership Together,' concluded successfully at 3rd August, and its on-demand recording will be shared with all officers soon.

Speech Contests

Our forthcoming focus include the organisation of Humorous, Evaluation, Table Topics, and International contests for clubs, areas, divisions, and the district. The format, whether in-person or hybrid, is contingent upon the DECM recommendation and DCM approval.

Initial feedback on the proposed in-person format and 2:2:2 progression has been promising, with some members and clubs sharing their insights. The potential challenges of the hybrid format—resource strain, quality compromise, and distraction from mission-focused activities—are being meticulously addressed.

Noteworthy, Division contest dates have been finalized, with certain Division Directors securing venues. A suggested 2:2:2 progression (club, area, division, district) in conjunction with the proposed in-person format aims to amplify club participation.

The proposed approach for speech contests includes strategic collaboration with TLI for dedicated contest training, empowerment of Division and Area Directors for contest promotion and leadership growth, and the incorporation of past winners' experiences to inspire engagement in community and corporate clubs.

District Conference

The Toasting Human Energy Club has expressed interest to host the district conference and they actively explore venue options at this stage.

Educational Awards

A dedicated committee is planned to focus on pathway adoption and awards across clubs. This effort involves collaboration with district leaders and club officers to enhance the pathways education program's quality. Regular interviews with recipients of education awards will be conducted (e.g., online and in-person individual interviews and panel sessions), thereby enriching the pathway learning experience for clubs and members.

In closing, I invite your active participation and ideas to enhance the pathways educational program quality for our district clubs and members. Your contributions are pivotal to our shared success.

Perth Rainbow Toastmasters	7
Heritage Towns Toastmasters Club	7
Currambine Toastmasters	7

Further Bad news

Mundaring Toastmasters Club has also submitted a Club Dissolution form despite having 8 members.

Overall Position

The district will be commencing the year with 52 clubs in good standing. 13 of these clubs are at Charter strength, with 20 or more members.

Opportunities

One club at Synergy/Western Power has held a Demo meeting and is on the way to chartering. A possible club at DCM Australia has held its Demo meeting and is looking at option of building charter strength or reusing another club's number.

A possible club in Karratha is organising a Demo meeting.

There is one further inquiry from Rio Tinto which is in the early stages.

Growth Strategy

CGD will meet with Public Relations Manager (PRM) to run the District Market Analysis and develop a District Marketing Plan.

CGD will meet with Area Directors to determine appetite for starting new clubs.

CGD will meet with Coaches Coordinator to appoint or develop coaches for clubs with fewer than 12 members.

CGD will recruit chairs for Club Building Committees.

Forecast

Low level goal is for this year for the district to end with 53 clubs (no net loss).

High level goal is for the district to end with 55 club (net growth of 2), which is a requirement of becoming President's Distinguished.

DISTRICT EXECUTIVE | PUBLIC RELATIONS MANAGER

Report on District Public Relations Objectives

- Achieving Local Visibility: Our focus remains on enhancing District 17's visibility within the local community by utilizing both digital and traditional media channels, alongside engaging in noteworthy community outreach initiatives.
- Measuring PR Effectiveness: Our priority lies in the establishment of a structured framework that enables the measurement of PR efforts, facilitating regular reviews and ensuring continuous refinement.

Strategies to Fulfill the Objectives:

- Elevating Social Media Presence
- Member and Club Engagement
- Showcasing Success Stories
- Enhancing Digital Communication Skills
- Community Engagement

Challenges and Issues:

- Lack of Established PR Practices
- Inactive District 17 Social Media
- Absence of Formal Subcommittee

Proposed Solutions:

- Talent Mobilization
- Clear Goal Setting
- Performance Evaluation
- Continuous Enhancement

MONICA MALAGA

2023-2024 PUBLIC RELATIONS MANAGER

DISTRICT EXECUTIVE | ADMINISTRATION MANAGER

Administration Goals Progress

The first months in the role have been spent implementing systems to maintain the standards set by recent Administration Managers. This includes:

- Updating the District Calendar
- Becoming familiar with the online tools used for meeting notifications, meeting bookings and report postings on the D17 website
 - Campaign Monitor
 - Event Brite
 - Zoom Calendar bookings
 - D17 website
 - Google Docs
- Researching digital business cards for District Trio in lieu of traditional paper cards
- Compiling the District Executive Committee Meeting (DECM) report
- Preparing documentation and invites for the District Council Meeting (DCM)

Administration Manager Challenges, Issues and Solutions

The biggest challenge for me at the moment is managing my time alongside other Toastmasters roles, work and family as the Administration Manager has a huge role at key times during the year. With my Mum in hospital and then passing away last weekend, I was unable to attend DECM nor ensure timely notifications for this DCM Meeting. I am enormously grateful to everyone for their support and understanding at this very challenging personal time.

In future, I will send notifications well in advance, make my communications as clear as possible and be responsive to your queries and requests for assistance. I will focus my next efforts on:

- Reorganising the Administration Manager's folders in Google Docs
- Revisiting the report format for Area Directors
- Reviewing District 17 Procedures Handbook
- Pre-preparing meeting notifications in Campaign Monitor
- Pre-preparing event bookings in Event Brite
- Generating Zoom links for future meetings

In return, I'd appreciate all District Executive members to:

- ensure they have added key deadlines and events to their calendars
- action requests on time
- attend all DECM and DCM meetings to ensure we achieve a quorum to progress district business

Summary

Notwithstanding the above, I am enjoying the role and have been learned a lot about the inner workings at a District level. I'm looking forward to further developing my skills with this role as the year progresses.

DISTRICT EXECUTIVE | IMMEDIATE PAST

DISTRICT DIRECTOR

As IPDD I have a responsibility to ensure the new Leadership Team understands the District Success Plan and make myself available to assist. I have spent these first few months helping the new District Leaders navigate the handover documentation, understand how the budget decisions were made and the challenges.

I will support and the guide the new Team as we transition from the 'COVID' years to the new world order for Toastmasters globally with a return to face to face events for training, meetings, contests and the District Conference. In reflecting on the year that has passed and as requested by our new District Director, Ian Pickens, I shared my top lessons learnt:

Top 5 Lessons Learnt as District Director in TY2023

- All members joined a Club not the District.
 - Members joined a club to help themselves so if you want members to participate in District activities, you need to tell them why it will benefit them.
- Members time is valuable.
 - Make sure that meetings run as quickly as possible.
 - Use technology, etc to remove the need to travel to venues when possible.
- More leads to less.
 - Put more time in to preparing background explanatory information for meetings and give it to the members, it will save time at meetings by reducing questions to just explain the content and focus discussion on differing views not understanding the content.
- Know the 'Rules'.
 - Longer term members can 'remember' the 'Rules' from the past and try to tell you what you have to do, they are often 'wrong' because the "Rules' have changed or it was never the 'Rule'.
 - Learn the 'Rules' and don't pretend that you do when you don't go and check.
- The Old Days are over, there is no going back.
 - COVID has changed how the world operates so there is no going back.
 - Be positive about the changes and think about how they can benefit you and the members.

Also my focus from the very beginning will be to identify future leaders as part of my role as Chair of the District Leadership Committee.

I will have more to report as the months go by.
