DISTRICT EXECUTIVE | PUBLIC RELATIONS MANAGER

DISTRICT EXECUTIVE | CLUB GROWTH DIRECTOR

Situational Analysis

In the 2020/2021 Toastmasters Term, District 17 started with 82 clubs. The membership number stood at 1316. During the year, 3 clubs paid the membership to become clubs in good standing, bringing the current number of clubs to 85. The membership stands at 1288. This is a drop of 2%.

One of the major setbacks resulting in the diminished membership was the onset of the Covid-19 pandemic. It was a shock to the system, disrupting meetings, contests, visibility, and growth. Since the lockdown came about quite abruptly, almost all clubs stopped dead in their tracks, totally cancelling meetings.

As the situation began to ease in May and June, some clubs returned to face to face meetings while others carried on meeting online. There were yet others who did not meet at all. It has been a slow start to the new year with many clubs just starting to meet again. Hopefully the COVID-19 situation does not throw a spanner in the works.

Club Composition

The following table shows the Division composition, membership numbers and club strengths.

Paid Clubs: 82

Active Clubs: 91

District Goals

For the 2020/2021 year, District 17 aims to achieve President Distinguished District status. To achieve this, these are the measurable targets that must be reached by 30 June 2021:

- Submission of Division and Area Directors Training Report for 85% of Division and Area Directors by September 30
- Submission of District Success Plan by September 30
- 5% net membership payments growth
- Net Club Growth of 5 (5%)
- 41 Distinguished Clubs (50%)

Achieving together

To achieve these goals, the District Officers will collaborate to support each Division, Area and Club to achieve success. The goal is to help each Division and Area achieve Distinguished status. We can do this by:

1. Supporting weak clubs which have membership below 12 to reach a minimum of 12 members.
2. Helping clubs below charter strength to reach charter strength.
3. Ensuring clubs that are at charter strength and above to retain and grow membership.
4. Working with all Division Directors to create at least 1 new club in each Division.

I am looking forward to work with all of you in line with Toastmasters mission of "Growing New Clubs and Supporting All Clubs in Achieving Excellence".

DISTRICT EXECUTIVE | PROGRAM QUALITY DIRECTOR

Most clubs have now transitioned from online meetings to face to face meetings. The feedback overall has been positive. Many clubs have been able to continue to provide online options and have adopted a hybrid format.

With the return to face to face meetings many clubs are experiencing guests coming to the meetings and many new members joining the clubs. Then we endured a two week period of going back to online meetings!!

The greatest challenge that we faced this quarter is the surprise lockdown which meant changing venues, shifting to online forums and requiring passes to travel.

Club Officer Training

The planning and development of the second round of club office training is well underway. All the dates have been set for the second round of training.

The dates for the second round of training is as follows:

1. Sunday 29 November 1-4pm Location: Zoom – Completed 66 officers trained
2. Sunday 7 February 9am-12pm Location: Bunbury – Completed 15 officers trained
3. Corporate Clubs - Thursday 11 February 5:30pm-8:30pm Location: CBD 37 people have registered to date
4. Saturday 13 February 1-4pm Location: Zoom (do to COVID issues) 66 people attended
5. Saturday 20 February 1-4pm Location: Tech Park Bentley (venue changed) 37 people registered
6. Sunday 28 February 9am-12pm Location: Zoom 101 people registered

TLI Toastmaster Club are sponsoring the Club Officer Training and are a great support to ensure all presenters are developed to a professional level for the workshops.

Division & Area Director Training

On 5 December 2020 we held the SMAC and Aspiring Workshop on 5th December at Technology Park Bentley. At the training we had a special guest Kaylene Ledger DTM PDG, who is the current Regional Advisor for Region 12. At this workshop we got to share our leadership experiences and the opportunities available.

Workshops

Julie Dall is leading 11 sessions via Zoom over the next 2 months addressing members Q&A with Pathways and also presenting various educationals throughout.

Contests

We have commenced the preparation for the second round of contests: Table Topics and International Contests. We are in the process of finalising the scripts for the Contest Chairs and Judges. Once they have been finalised we will be loading them up onto the website.

DISTRICT EXECUTIVE | DISTRICT DIRECTOR

I hope everyone had a good break over the Christmas and New Year period.

Due to uncertainties we all had to adjust but our priority has always been our members.

We take comfort that Toastmasters International are aware of the challenges we all face and are making decisions to keep us all motivated.

One of the current decisions is to continue with the new club incentive until end of the Toastmasters year. This decision will allow all District an opportunity to increase club base but more importantly acknowledges the challenge we are all facing in this area.

We have 4 potential new clubs, and this decision will assist us enormously.

The Leadership Team is now back and working hard to ensure that our District Success Plan is still on track.

Recently we conducted workshops in both Kalgoorlie and Bunbury and members and club officers were very appreciative of the support from the District and the Leadership Team.

These 2 visits highlights the importance of supporting clubs outside the Perth area.

Club Officer Training

Club Officer training resumes this month, we will cater for face-to-face meetings if allowed however we will have on line options as well.

Our Program Quality Director is working hard to prepare for these training.

Contests

The start of the International and Evaluation Contests is upon us once again. From Area and above all contests will be online.

All Division Directors are advised to ensure their Division Zoom accounts are up to date and be available for their clubs or Areas.

Membership Campaign

The Talk Up Toastmasters Campaign starts this month and concludes end of March. Simply add 5 new, dual or re-instated members during this period and your club will be awarded a Ribbon from Toastmasters International that you can proudly display on your Club Banner.

In addition, you will also be given a 10% discount on your next club order for merchandise purchased through Toastmasters International (conditions apply).

You may be reminded by our Club Growth Director who is monitoring this and other membership campaigns.

Other information

We have now been through the first part of year. For the rest of the year our focus remains the same and that is our member's health and safety during these un precented times. The challenge continues for all of us and I am confident that our Leaders will continue to serve our members to the best of their ability.

At this stage our Program Quality Director and Club Growth Director are committed to end the year on a high.

With the support of all our members and Leaders, our District can be stronger than ever.

Of concern is Ellenbrook and Como Communicators.

Membership

Eastern Division has 2/14 clubs with 20 or more members currently- Sunday Sundowners and Curtin. Those clubs with less than 12 members include: DTM Pathways, Swan, WA Speakers and Cannington Communicators not in good standing.

The average membership across Eastern Division is 14.5, as compared with the average of 12.5 at last report, with the range being 6-24. This is evidence of growth across the division that we would expect to continue, short of further restrictions.

Distinguished Club Program Goals

ED has 4 clubs have 5+ DCP goals earned and 2 clubs have 5+ DCP goals earned and 20+ or +5 members so far. These figures are impacted of course by COVID, how many members were lost, changes in venue, or use of Zoom etc.

Optimistically we may get 9 distinguished clubs, but membership will be the limiting factor. Of the 6 clubs identified as potentially reaching distinguished they need to increase membership on average by 5 members. This is significant growth that clubs will realistically struggle to achieve.

Club Officer Training

The table above shows that 11/14 clubs achieved the requisite number of club officers trained, with Cannington Communicators none, Swan 3 and Touch of Gold 3. For the next COT round these are the registrations as of yesterday:

| EASTERN DIVISION | | 42 | |
|-------------------------|--------------------------|-----------|--------------------|
| 11 | | 13 | 13 |
| | Como Communicators | 5 | Ellenbrook |
| | DTM Pathway | 5 | Heritage Towns |
| | Sunday Sundowners | 2 | Swan |
| | Victoria Park | 1 | |
| 12 | | 16 | 14 |
| | Belmont | 5 | Mundaring |
| | Cannington Communicators | 0 | Touch of Gold |
| | Curtin | 5 | WA Speakers Bureau |
| | Kenwick Toastmasters | 6 | |

Area Directors for E11 & E13 have been contacted about following up with clubs with low registration numbers.

Contact with Area Directors

The Eastern Division Leadership Team has essentially been meeting monthly. We had a meeting in January and our next meeting is scheduled for 14 February. The aim of the Eastern Division Leadership Team meetings is to:

1. Build rapport & team cohesion
2. Develop a vision for the Division
3. Share experiences & innovations
4. Provide support to each other
5. Keep focussed on our goals & achieving them

We use these meetings to come together, give updates, share issues, plan for Area & Division contest dates with each other's schedules in mind, look at COT, attendance and overview. Attendance at the DCM's has been more chequered, but I hope that this might improve with more ADs attending.

Contests

All contests are on Zoom and planned for:

E11- Sunday 4 April 4-6 pm?

E12- Tuesday 30 March 7-9 pm

E13- Sunday 7 March pm

E14- March?

ED- Saturday 10 April 2.30- 5 pm

Assistance is being given to the ED contest by ADs at this stage.

Clubs

Cannington Communicators are continuing to run meetings and Patricia Johns has offered to be coach once the membership is at 8, but no coach is willing to continue at this point.

I am coach at Swan Toastmasters and hope to help the club work back to charter strength. DTM Pathways is eligible for a coach, but they may not want one and they are in short supply.

New Clubs

If Cannington cannot increase its membership, they may fold giving way to the opportunity to start a new club. PQD mentioned the idea of setting up Demo Meetings in York and Northam to look at viability in these locations.

Successors for Director Roles

Ronnie Giandzi mentioned she was interested in a DD role. Todd Halvorson mentioned that he is interested in continuing as an AD. Neither party has nominated at present. I will ask the ADs about any other members who look like they may be possibilities to take on leadership roles.

DIVISION | INNER CITY

Educational Awards

Of the 12 active clubs (Total – 14 clubs) educational awards have been lodged by 7 of those clubs, with 3 clubs having lodged 5 or more awards (Toasting Human Energy – 13 awards, City of Perth – 8 awards and bToasty – 8 awards). With some clubs not meeting yet until they are back face to face, this will impact on their ability to achieve a reasonable number of educational awards. Other clubs have members working on awards but not yet completed or lodged.

Membership

Of the 12 active clubs, 11 clubs have recruited new members with the success story to date being bToasty with 13 new members, while City of Perth have 7 and CGH and THE who have both recruited 6 new members.

More clubs are back meeting face to face or hybrid and having guests attend meetings, which is encouraging.

Distinguished Club Program Goals

Of the 12 active clubs, 11 clubs have obtained DCP points so far, with Toasting Human Energy having achieved 6 points and bToasty having obtained 5 points so far.

As mentioned above, clubs that are not yet meeting face to face will likely struggle to achieve DCP goals.

Club Officer Training

Only 7 of the 12 active clubs had the minimum number attend the first round of club officer training with 5 clubs having no one attend. While Inner City, traditionally struggles to get some of the corporate clubs to have club officers attend training, the number of clubs not attending was higher than last year and the overall number of officers attending was lower.

A COT session aimed specifically at the corporate clubs has been arranged for the 18 February and hopefully will attract more club officers from the corporate clubs in Inner City.

Contact with Area Directors

Online meeting has been held with the 3 Area Directors and planning to hold regular meetings. Starting to use Teams and have set up a Whats App group for communication.

Contests

Division contests for Humorous and Table Topics was held on 17 December 2020, while the contests for International & Evaluation are scheduled for 08 April 2021.

Clubs

Toastminers and Risky Toast had 0 members renew at the October renewals and were carrying 0 members into the renewal period. It is most likely that both these clubs will fold.

Some of the other clubs have struggled for new members and it will be interesting to see how many members renew during March.

New Clubs

There are currently 4 potential new clubs that have been identified (Petroleum Club/Engineers Australia and Vocus, which were identified last year; and Society of Petroleum Engineers and Wood Group).

Vocus has been holding meetings and is planning to hold a demonstration meeting when more staff are back working in the office.

Petroleum Club/Engineers Australia on hold due to COVID19 hopefully they will be able to hold a demo meeting in the second half of the year..

Wood Group is a new opportunity identified by Jeff Zhang and we are working to hold a meeting soon with their HR manager.

Successors for Director Roles

None has been identified yet.

Other Information/Comments

Suresh Prabhakaran (Area I42) has been working remotely for a considerable amount of time recently and we will be working to provide extra resources, etc as required.

| Clubs | No stories to tell this time. All clubs have registered goals. |

| Successors for Director Roles | I have asked the Area Directors for nominations. This has not been forthcoming this month. Most club visits are planned for March so more details will be known then. |
| Other Information/Comments | Area 51 Director David is now a full time carer for his wife. Planning club visits is not easy as he has to have another carer in the home as his wife cannot be left on her own. Area 53 Director Greg has had time with sickness issues. Area 52 Director Dzyan has been doing a great work and assisting with many of the speech contests. Everyone has been giving their roles their best shot within their capacity. |

Educational Awards

The clubs have submitted the following:

| Club Name | Pathways Awards | Club Success Plan | Notes/Issues |
|--------------|--|--|--|
| Cockburn | Level 2 and 4,5 or DTM award have been achieved | Was provided, and they are working towards that. | In respect of their last committee meeting I attended, they were working towards achieving extra educational awards because of many new members joined their club. |
| Kwinana | No pathway award has been completed | Requested to have a meeting with Nataly - the president, in order to come up with a substantial CSP. | I will hear from them if they want to have a mentor for pathways. |
| Rockingham | Level 2 and 4,5 or DTM award have been achieved | Very detailed CSP was provided. Very focused and organised club. | They are working towards achieving their educational goals; however, they are some challenges to achieve all these educational awards because they are currently having few members. |
| Piara Waters | Amazing! All educational goals have been achieved exceedingly. | Not provided, but action speaks louder than words. | Piara Waters is absolutely doing an amazing job. |

Club Overviews

| Club Name | Health | Outlook | Notes/Issues |
|--------------|--|---|---|
| Cockburn | Very health as they are currently having 17 members standing. | The club has the potential to become at least "Select Distinguished" if they can put extra strength to educational goals. | The club gained so much traction when they raised their base number from 10 to 17. I would like to believe that the impact of last year COVID-19 restriction dwindled the growth of the members; however, the momentum is absolutely amazing. |
| Kwinana | The club lost some members, they need to raise at least 5 new members in order to achieve membership goal. | Concern: None of the educational goals have been completed and no attempt has been made. | I am still making some enquiries if the club is having any challenges with pathways. I will support and encourage members to embark on the pathways journey. |
| Rockingham | Very focused and dedicated leadership but with few members. | Their Club Success Plan is amazing; I am sure the greatest challenge is finding members. | No comment |
| Piara Waters | Very strong, focused, and dedicated members as well as the committee. | The club had already achieved all 10 goals. | The club is doing amazing. |
