Reports from District Officers.

a) District Director's Report

District Director Report

Toastmasters International

District:	District 17
Reporting Month:	August 2026

Overview

As we align our efforts for the year ahead, our focus returns firmly to the heartbeat of our organization: the club meeting. Inspired by our District Leader Training in Vancouver, our overarching theme centers on a fundamental truth—guests do not join Districts, they join clubs. It is time to get back to where the magic actually happens. Moving forward, every decision we make, every dollar we allocate, and every strategic initiative we champion will be filtered through a single, defining question: “Will this make the club meeting experience better?” By prioritizing vibrant, high-quality meetings at the local level, we ensure our members receive maximum value and our guests experience the welcoming, transformative environment that drives sustainable growth across District 17.

Achievements

What an amazing start to the year! More than 50% of members took advantage of the opportunity to lock in the members dues price at the old price to renew until March next year and over 250 members locked in their membership for a full year. We also had a record breaking 97 new people join our clubs in the past 7 weeks. Eight clubs even signed up 4 or more new members during this time including:

- Technology Toastmasters
- UWA College Row
- Kaya
- Currambine
- Carpathian
- Canning Vale
- Harrisdale Piara Waters
- Fremantle Gateway

Several other clubs are also marching their way from below 15 members to charter strength of 20 members with a terrific start for: Central Communicators, Electric Toasters, UWA College Row, Butler, Maylands and Multicultural Mandurah - well done on your sterling efforts in the first two months of the year - you are setting yourselves up for success in attracting even more members and achieving your member growth goals in the Distinguished Club Program!

A huge congratulations to Mariana Paliu DTM, Angela Booker DTM, and Henry Yau DTM on achieving the prestigious Distinguished Toastmaster (DTM) award!

Earning a DTM is the pinnacle of the Toastmasters journey—a monumental achievement that requires completing two full Pathways paths, serving as a dedicated club and district leader, mentoring others, and guiding a major project to success. It takes years of commitment, resilience, and passion for personal growth to reach this milestone.

Mariana, Angela, and Henry have set an inspiring standard for all of us. Will you join them on the DTM roster this year? Take a look at your own journey today, talk with your mentor, and map out your next steps—because the path to becoming a Distinguished Toastmaster is open to every single one of us!

Special shoutout for Jo Parker, Northern Division Director, who is leading the effort with Cassie Walraven, our NextGen Team Lead to start our first Rising Leaders Club for 18-25yo. Also to Souzy Theophilopoulos, our Club Growth Director, for pulling an enthusiastic team together to run our biggest open demo meeting ever on 13 October.

Also our Program Quality Director, Desmond Miranda, for running an exceptional Club Officer Training series that many past officers rated the best ever.

Goals for the Year

As the smallest District in Toastmasters worldwide, our Smedley Distinguished achievement in 2025–2026 proved that District 17 can punch well above its weight. This year, we are setting our sights just as high, aiming for Smedley Distinguished across Paid Clubs, Membership Payments, and Distinguished Clubs.

Our strategy builds on a solid foundation of strong clubs—helping robust clubs maintain 20+ members while empowering smaller clubs to grow. Quality meeting experiences thrive when every role is filled by a unique individual, speeches offer diverse perspectives, evaluations deliver meaningful feedback, and Table Topics bring energy to the room.

When clubs deliver exceptional meetings, membership growth follows naturally. Existing members renew because they feel valued, see their own progress, and enjoy mentoring others; guests eagerly join because they experience a vibrant, welcoming environment. As we support every member's journey through Pathways, level completions will soar, leading directly to Distinguished club status—the ultimate reflection of a high-quality club experience.

Metric	Target	Current	Change
Paid Clubs	69	63	None so far, but aiming for no net loss of clubs and one new club by end of September
Membership Payments	2702	1030	38% of target achieved in just two months!
Distinguished Clubs	38	0	Aiming for at least 25 clubs to achieve Distinguished or higher by mid March

Closing Message

As we embark on this program year, I encourage each of you to reflect on how you want to finish your Toastmasters year - what will be your legacy to your club, area, division and District role. The path ahead is full of opportunity, and our direction is clear. When we focus on supporting our clubs, empowering our leaders, and delivering excellence in every room, the results speak for themselves. Together, we are creating unstoppable momentum—one unforgettable meeting experience at a time! If we believe, we can achieve...again!!

b) Program Quality Director's Report

Program Quality Director Report

Toastmasters International

District:	District 17
Reporting Month:	August 2026

Overview

Last year, we ended on a high by achieving the Smedley Distinguished Award, a fantastic reflection of the dedication and commitment across our district. As we begin this new year, our goal is to carry that same energy, enthusiasm, and momentum forward as we work towards achieving the award again. Club Officer Training was a great success, with officers building their knowledge, confidence, and skills for the year ahead. District Officer Training also had a fantastic turnout, demonstrating the strong commitment of our leaders. With such a positive start, we look forward to building on last year's achievements and making this another successful year.

Role and Responsibilities of the PQD

The Programme Quality Director (PQD) plays an important role in ensuring that every club and member has a positive, engaging, and rewarding experience throughout the year. One of the key responsibilities of the PQD is to ensure the quality of club meetings and the overall member experience. By encouraging effective meeting practices, meaningful participation, and a supportive environment, the PQD helps clubs create an atmosphere where members can learn, grow, and feel valued.

The PQD also oversees education and training programmes for both club and district officers. Providing relevant training and resources helps leaders feel confident in their roles and better equipped to support their clubs. This includes coordinating opportunities such as Club Officer Training and District Officer Training.

Supporting club growth through quality initiatives is another important responsibility. The PQD works with clubs to identify areas for improvement, share best practices, and encourage initiatives that strengthen member engagement, retention, and overall club performance.

At the district level, the PQD is responsible for planning and executing key events such as speech contests, conferences, and other educational and leadership activities. These events provide members with valuable opportunities to develop their skills and connect with others across the district.

Finally, the PQD collaborates closely with other district leaders to support shared priorities and achieve Distinguished District goals. Through teamwork, communication, and a commitment to quality, the PQD helps build stronger clubs and contributes to the overall success of the district.

Program Quality Tracking Areas

1. Distinguished Club Program (DCP) Progress

- **Why it matters:** DCP goals reflect club health and member engagement.

What to track:

- Number of clubs submitting a Club Success Plan, achieving 5+ DCP goals.
 - As of 15th August 2026, 25 clubs have already submitted their Club Success Plans (39%). With the World Cup Challenge Incentive Programme, we hope to see an increase in this number before the campaign ends on 23rd August 2026
 - While still early in the year, there are already 2 clubs who have hit 7 DCP goals and one club that has already achieved 5 DCP goals.
- Percentage of clubs on track to be Distinguished or higher.

- With Club Success plans being an essential criteria to achieve Distinguished or higher status, there is a big push to ensure all clubs submit their Club Success Plans. So far 25 of the 63 clubs have submitted their plans (39%). With the current incentive plans (World Cup Challenge), we hope to achieve a higher figure and then a full 100% by September 30
- Trends compared to previous years.
 - Last year we had all but one club who had submitted their Club Success Plans. This year we hope to achieve 100% success rate for submission of Club Success Plans. The Area and Division Directors are working closely with the clubs to achieve this.

2. Club Visit Reports (from Area Directors)

- **Why it matters:** These reports provide insights into meeting quality, member participation, and club culture.

What to track:

- Number of completed visits and submitted reports.
 - As at August 20th 2026, there are 5 clubs that have submitted their Club Visit Reports. Many of the Area Directors have made at least an informal visit to some of their clubs and they are on track to deliver more reports in the coming weeks. We will be tracking this and ensuring that all club visit reports be submitted.
- Common themes or issues identified.

No significant issues were highlighted. I will keep a closer lookout on these reports and follow-up on any issues raised to ensure that club meeting experiences are being kept at a high level.

- Follow-up actions taken.

None at this point of time.

3. Member Satisfaction Survey

We will be encouraging clubs to be conducting the member satisfaction surveys at their clubs and will be focused on improving the member experiences at their clubs. More details will be shared in future reports.

4. Club and District Officer Training Attendance and Feedback

- **Why it matters:** Well-trained club officers lead better meetings and support member growth. Well-trained Area and Division Directors better support their clubs.

What to track:

- Percentage of clubs with 4+ officers trained.

The Round 1 of Club Officer Training (COT) this year has been very successful. Of the 63 clubs in our District, 62 clubs have already had at least 4 Club Officers Trained.

The remaining one club has had only 1 officer trained so far. The Area Director has reached out to the club and scheduled for the remaining officers from the club to be trained. By the end of the training period, which is by August 31, we hope that all clubs would have had at least the minimum of 4 Club Officers Trained.

- Percentage of Area and Division Directors trained.

District Officers, which comprised of the Area, Division and key officers like the Finance Manager, Administration Manager and the Public Relations Manager, were trained at the District Officers Training (DOT). The DOT comprised of 2 separate 4 hour sessions. Part 1 consisted of a face to face session covering the main duties of these officers and a first glimpse at reports. Part 2 comprised of an online session focusing on the online reports and their uses. I am please to report that over the 2 sessions, there was 100% attendance, meaning that all officers are better equipped to handle their roles as District Officers.

- Feedback scores from training sessions.
- Post-training implementation success (e.g. improved agendas, mentoring programs, increase in Pathway awards, higher guest attendance and conversion, attendance at Area Council meetings and engagement in AD visits).

5. Club Retention and Growth

- **Why it matters:** Healthy clubs retain members and attract new ones.

While these numbers are critical to the growth of the District, The Club Growth Director will provide an in-depth report on this.

6. Recognition and Awards

- **Why it matters:** Recognition programs motivate clubs to maintain high standards.

We have seen an increase in the uptake of participation in the District Incentive programme. This can be further outlined by the results from the recently completed World Cup Challenge Incentive Programme. As a result, we have seen some clubs already launch some pathway completion awards.

As an added incentive, I will be sending out a personalized email to all members who have completed a level in their Pathways. This will be done on a monthly basis, and I hope that this will create an excitement and an added incentive to recognize member achievements.

What to track:

- Participation in District incentive campaigns.
- Number of clubs submitting Club Success Plans and committing to DCP.

7. Pathways Adoption and Progress

- **Why it matters:** High adoption and progress rates show members are growing and learning.

From the world Cup Challenge, we have seen a few members that have already launched level completion awards.

As an added incentive, I will be sending out a personalized email to all members who have completed a level in their Pathways. This will be done on a monthly basis, and I hope that this will create an excitement and an added incentive to recognize member achievements.

Both Mariana Paliu and Angela Booker have recently achieved their Distinguished Toastmasters Awards. We look forward to having many more people achieve their awards in the coming year.

8. Contest Participation

- **Why it matters:** Organising contests builds leadership and teamwork, energises clubs, and recognises member talent.

Contest Season is upon us and Clubs, Area and Divisions will be organizing their contests from now till November. This will be both the Humorous and Table Topics Contests. We look forward to a high level of competition for these contests.

9. Annual District 17 Conference Participation

- **Why it matters:** Conference helps build our community, provides high-quality education with guest speakers and workshops, recognises our members by celebrating achievement and inspiring future goals, and provides leadership development with opportunities to lead and serve.

The Annual District Conference has always been an important event in our District Calendar. This year will be no different. We will be having the International Director for Region 12 visiting us in the year and we are looking forward to having her speak at our Conference. Also, we are trying to tie up a speaker for the conference as well.

Results to Date

Overall, I feel that we have had a great start to the year with record attendances for both the Club Officer as well as District Officers Training. We hope to build on this renewed energy and work towards achieving success early in the year.

Next Steps and Goals

We are also looking at running some webinars and educational sessions to try and bring the member level experiences o a greater level amongst all clubs.

Closing Message

In closing, I look forward to a great year ahead and I would like to highlight that we are on track woth pur goals for the year. We will be looking to end the year on a high by achieving the status of being a Smedley Distinguished Distrin by the end of 2027. If we believe, we can achieve!

Date:	25 August 2026

c) Club Growth Director's Report

Club Growth Director Report

Toastmasters International

District:	District 17
Reporting Month:	August 2026

Goals

Our goals this year will be challenging, but achievable. The aim is to grow the existing base of 63 clubs.

Our goals are simple, somewhat ambitious, yet achievable. We aim to keep our 63 clubs in good standing, with an additional net growth of 6 new clubs, which gives us a total of 69 clubs – intending to achieve Smedley Distinguished! We also aim to increase our membership payments from 2501 to 2702, with a net growth of 100 new members in July-September (almost there with 86 new members to date). We can achieve this if we have:

- No net loss of clubs or active clubs in good standing suspended
- 3+6: 3 clubs back in good standing plus 6 new clubs
- 60% clubs >15 members

Growth Strategy

Having kicked off 2026 with a bang, the Club Growth Team is now focused on finalising its components of the District Success Plan, the marketing analysis plan, and the communication plan. Following valuable discussions with Club Growth Directors from around the world at District Leader Training in Vancouver on 17-18 August, we are exploring a range of proven ideas, tools and resources that can be adapted to support club growth across District 17.

A key priority for the coming months will be strengthening existing clubs while identifying opportunities to establish new clubs. To support this, we will undertake a SWOT analysis of each club and work with club leaders to identify priority areas such as guest attraction, member engagement and retention. Club Coaches and Ambassadors will be assigned to smaller clubs requiring additional support, while stronger clubs will be encouraged to partner with and assist sister clubs. We also intend to invite successful leaders from other Districts to deliver workshops on member retention, guest conversion and sustainable club growth.

The Club Growth budget will support a range of initiatives, including the World Cup Challenge, our upcoming major Open House event, membership-building incentive campaigns, our Corporate Forum, website and social media support, and tailored marketing packages for clubs experiencing membership challenges. We are also looking into a different way of starting up new clubs, a way where members are sponsored for the first 6 months of their TM journey. In addition, workshops will be offered on topics such as FreeToastHost, social media marketing, podcasting and lead conversion.

Most importantly, we will continue to build excitement, engagement and fun across the district through events such as the Big Open House on 13 October, Trivia Night in October/November and the Amazing Bridge Walk in November. Updates on Club Growth initiatives, upcoming events and club success stories will be shared through our new newsletter, *Maali News*, as well as via the district website and social media channels.

In short, our focus is simple: stronger clubs, more members, new clubs, and more opportunities for people across Western Australia to experience the benefits of Toastmasters.

Results to Date

World Cup soccer Challenge! – (Finishes on 23 August 2026)

The growth strategy for existing clubs kicked off with the FIFA Soccer World Cup-themed club growth incentive program "World Cup Challenge" from 11 June to 23 August 2026. This was designed to encourage the activities that contribute to a successful club year for all D17 clubs — including Club Officer Training, member achievement through Pathways, membership growth, Club Vision submissions, and team spirit. The challenge has created momentum and brought clubs together.

Four Key Activities

1. Capture the moment with a club photo predicting the 2026 World Cup winners & Australia's total goals scored
2. Participate in getting club officers trained, Pathway Awards submissions, and new members registered
3. Craft a club vision statement to inspire your members and guests
4. Submit Club Success Plan by 23 August

Results

- 62 of 63 Clubs Completed One Or More **World Cup Challenge** Activities!! A 98% participation rate!!
- 25 clubs submitted club photos with predictions – won by Belmont Toastmasters
- 62 clubs participated in the remaining challenges, which run till 23 August 2026. To date:
 - o 46 clubs got 5+ club officers trained
 - o 117 individuals submitted Pathway Awards
 - o 176 new members were registered

These are phenomenal results and a testament to how successful D17 can be when challenged!! We are now at the last stretch and hoping to get even more phenomenal final results! Congratulations to our podium winners!

- 27 clubs submitted Vision Statements – We are now selecting the top 5, and the top three will be selected by the International Director at the Vancouver Conference we are attending.

The Final results will be published on our website: www.toastmastersd17.org

Club Retention Strategy by Size

Current Status

Club Status / Size	June 30	Aug 7	Sept 30 (goal)
20+ members	31	32	35
14-19 Members	14	15	17
10-13 Members	12	11	9
8-9 Members	6	5	2
<8 Members (Not in good standing)	0	0	0
Suspended (not paid dues for 2 renewals)	0	0	0
Total Eligible Clubs	63	63	63
Total Clubs	63	63	64

We are currently sitting with 5 clubs that are 8-9 members: bToasty, Perth Rainbow, Banksia Speakers, Heritage Town & Aspiring Leaders. These clubs are committed to getting their membership numbers up, and the Division Directors and area directors for the respective clubs are aware of the low numbers and have started working closely with these clubs. Banksia is the one that might have more issues; we are working closely with them to support where we can.

Small Clubs (fewer than 10 members)

Revitalize by assigning a coach and nominating a club ambassador, investing in membership building and retention, and committing to stay in good standing, especially for advanced clubs.

Growing Clubs (10-13 members)

Focus on growing to more than 14 members by assigning a sister club and leader as a mentor, being open to sister club visits, and targeting investment in membership building.

Established Clubs (14+ members)

Aim to become a sister club, strive to become Distinguished, and invest in member retention.

New Clubs Goal and Strategy

Our goal for 2026-2027 is to have a net growth of 6 new clubs and achieve Smedley Distinguished. It will also help several Toastmasters complete a key requirement for their DTM award, help several Areas achieve President's Distinguished, and help all Divisions achieve President's Distinguished.

We aim to build both community and corporate clubs. Our strategy is to build a robust pipeline of over 100 new community, corporate, and special interest leads and follow a structured process to qualify these leads, run kick-off and demo meetings, and complete the charter paperwork using the new online process to efficiently charter all new clubs. We will build a network of experienced members to sponsor and mentor these new clubs following a 90day onboarding plan for success.

New Community Clubs

Our New Community Clubs strategy aims to expand the Toastmasters footprint across Western Australia by strengthening existing clubs and creating pathways for new club formation. Where the traditional model of recruiting 20 or more charter members may not be immediately achievable, we will explore innovative approaches, including clubs in regional communities, small business networks, start-up hubs, and potentially Advanced Pathways online clubs within each Division.

By building awareness, partnerships, and a strong pipeline of leads in under-served and remote areas, we are laying the foundations for sustainable growth and future club development into 2027-2028.

New Specialty Clubs

Following the successful chartering of several bilingual clubs during 2025-2026, we will continue exploring opportunities for culturally focused clubs, including the potential establishment of District 17's first Indigenous/Aboriginal bilingual club.

We will also seek to re-establish and expand education-based clubs by engaging with universities, alumni associations and TAFE institutions. In addition, we will explore opportunities to establish clubs within political and community organisations, support professional societies through forums and presentations linked to continuing professional development opportunities, and identify other specialty interest groups that align with Toastmasters' educational mission.

Our goal is to develop a strong pipeline of prospective specialty clubs and strategic partnerships that will support sustainable growth and club-building opportunities throughout 2027 and 2028.

New Corporate Clubs

Our New Corporate Clubs strategy focuses on reconnecting with former corporate and government-based clubs while building a strong pipeline of prospects across key industries and sectors. By re-engaging past members, leveraging existing networks and identifying new organisational partners, we aim to create sustainable opportunities for corporate club growth throughout 2027-2028.

Our **Corporate Reconnect Strategy** will focus on:

- Identifying charter members and former members of corporate clubs that have closed over the past five years.
- Re-establishing relationships with former contacts and identifying new organisational champions within target workplaces.
- Hosting a Corporate Forum to bring together interested organisations and stakeholders, showcase the benefits of Toastmasters, and invite expressions of interest for new club formation.

- Developing relationships with major employers, government agencies and industry groups to create a pipeline of future corporate club opportunities.

This approach will enable District 17 to capitalise on existing goodwill, reconnect with experienced Toastmasters, and establish a solid foundation for future corporate club growth.

Overall Summary

The District 17 Club Growth Strategy focuses on three key priorities: **strengthening existing clubs, supporting sustainable membership growth, and establishing a pipeline of future clubs across community, corporate and specialty markets.**

To support club success, we will undertake a SWOT analysis of all clubs and identify those requiring additional assistance. Targeted interventions will include Club Coach and Ambassador assignments, mentoring and leadership support, tailored marketing packages, and sister club partnerships where stronger clubs can assist developing clubs. Additional initiatives will focus on guest attraction, member retention, lead conversion, officer development, and member engagement through workshops, resources, and District-wide campaigns.

The strategy also includes several new initiatives, including a Corporate Reconnect Program, community growth projects in under-represented and regional areas, expanded use of social media and digital marketing, a Corporate Forum, and specialist training in FreeToastHost, podcasting, and lead conversion. District-wide events such as the Big Open House, World Cup Challenge, Trivia Night and Amazing Bridge Walk will further support membership growth, visibility and member engagement.

Prospective clubs currently being explored include:

- Indigenous/Aboriginal bilingual club
- Youth Disability Advisory Network (NDIS-supported) Club
- Aboriginal/ Indigenous club
- University-based clubs
- Alumni association clubs
- TAFE-based clubs
- Professional society and industry association clubs
- Corporate clubs within government agencies and major employers
- Small business network clubs
- Start-up and innovation hub clubs
- Community clubs in under-represented regional and remote areas
- Advanced Pathways online clubs (subject to feasibility)

- Other specialty interest clubs identified through market research and stakeholder engagement

Through these initiatives, District 17 aims to create a sustainable growth pipeline while ensuring existing clubs remain healthy, vibrant, and capable of delivering a high-quality Toastmasters experience for members and guests alike.

Closing Message

I am confident that District 17 can achieve its stretch goals of 69 clubs and 2,702 membership payments this year. Early indicators are encouraging and demonstrate strong momentum across the District, including:

- Positive engagement and participation in the World Cup Challenge.
- Membership growth across a number of clubs.
- Opportunities to maximise renewals through the October 2026 and April 2027 membership renewal cycles.
- The introduction of self-registration for new members, making it easier and faster to join Toastmasters.

While these goals are ambitious, they are achievable if we continue to focus on strengthening existing clubs, supporting membership growth, and building a sustainable pipeline of new clubs. With the dedication of our Club Growth Team, District leaders, club officers and members, I am confident that District 17 is well positioned for a successful and exciting year ahead.

Together, we can build stronger clubs, welcome more members, and create new opportunities for people across Western Australia to discover the life-changing benefits of Toastmasters.

d) Public Relations Manager Report

Public Relations Manager Report

Toastmasters International

District:	District 17
Reporting Month:	September 2026

Activity Overview

As the incoming Public Relations Manager, my priorities are threefold: to support District 17's 2026–2027 vision alongside the Trio and club officer teams; to inform and support members, particularly our Vice Presidents Public Relations; and to grow public interest beyond our existing membership. Belong is my key word. I want our communications to show both the professionalism of Toastmasters and the warmth, growth and connection experienced within our clubs.

I sincerely acknowledge and thank Immediate Past Public Relations Manager Angela Booker for her generous time, patience and practical assistance throughout the handover and onboarding process. Her knowledge and continued encouragement have provided valuable continuity and a strong starting point as I learn and grow into the role.

Campaigns & Promotions

World Cup Incentive Competition - supported the collection of club photographs and visions, followed by winner notification emails. A reminder shared through the VPPR group helped increase submitted club visions from 15 to 27. This was a simple but useful example of how timely, direct communication can lift participation.

Membership value - developed communications highlighting the value of Toastmasters membership following the announced fee increase, supporting early renewals and helping prospective members understand the benefits of joining.

Club Engagement & Recognition

Club VPPRs were encouraged through Club Officer Training and follow-up communication to join the VPPR Connect_D17 WhatsApp group. The group is being used for reminders, guidelines, adaptable ideas and peer support, with Ashlyn Poole assisting as shared administrator and creative support.

Six new additional authorised event organisers with have been added to Meetup, allowing nominated members to promote District and club events through the District subscription. I also visited Touch of Gold Toastmasters and, where practical, hope to visit more clubs to meet members face to face and gather more stories to share along the way. Member and club achievements, including Mariana's Distinguished Toastmaster recognition, have also been celebrated.

An introductory email was sent to all District 17 VPPRs, inviting each officer to share their club channels, their main VPPR goal for the year and any area in which support would be valuable. They were also invited to join the WhatsApp group and utilise the Perth Toastmasters Meetup Group. Their responses will help shape useful, realistic support.

Team Formation & Collaboration

Monica Malaga leads Maali News; Angela Booker provides continuity as Immediate Past PRM; Ashlyn Poole supports the VPPR WhatsApp group and adaptable templates; Melanie Jackson will assist with graphics; and Tom Bielski provides technical support. I hope to continue growing the team so the workload is shared and different perspectives are represented.

Digital Engagement & Expansion

District 17's Facebook and Instagram profiles were updated with clearer information, additional links and a pinned welcome post, and activity commenced on LinkedIn. Our focus is authentic stories, real people and genuine connection.

Facebook content reviewed for the 28-day period from 26 July to 23 August 2026 indicates that club-level experiences and people-centred stories are generating the strongest response. A post inviting members to share their experience of visiting another Toastmasters club recorded 385 views, 230 viewers and 43 engagements. Recognition content celebrating District 17's Smedley Distinguished achievement also generated strong early interaction.

Instagram recorded 640 views during July, an increase of 150% compared with June, with 29% of views coming from non-followers. LinkedIn and Meetup also grew during the period. The Perth Toastmasters Meetup Group increased from 492 members on 1 July to 531 members on 23 August, indicating growing interest in discovering local meetings. An RSVP represents interest rather than confirmed attendance, but it is an important step beyond passive reach.

Early results show that club stories, member experiences and recognition posts are attracting the strongest response. These insights will guide future content. Data is current as at 23 August 2026.

Strategic Direction & Next Focus

The next focus is to establish a consistent social media routine, support Maali News planning and develop the Thank You Toastmasters campaign. Promotion will also focus on the upcoming Open Meeting to attract new members and the Quiz Night fundraiser, while continuing to encourage authentic club and member stories.

Metric	Baseline	23 August 2026	Change
Facebook Followers	Baseline recorded only as 1.2K	1,273	+8 in the latest 28 days (+0.6%)
Instagram Followers	252	260	+8 (+3.2%)
LinkedIn Followers	469	484	+15 (+3.2%)
Meetup Members	492 on 1 July	531	+39 (+7.9%)

e) Immediate Past District Director Report

OFFICIAL
L

Immediate Past District Director Report

Toastmasters International

District:	District 17
Reporting Month:	August 2026

Year in Review

I have just come back from the International Convention in Vancouver where District 17 was recognised as one of 12 Smedley Distinguished Districts.

We also had the largest contingent of 10 WAussies on stage, and joining us on stage were four members from abroad, our new Regional Advisor, International Director, and a past and current International President.

It was such an honour to be representing District 17 and the success clubs achieved last year.

Supporting the New District Leadership

This year the district has a strong leadership team, headed by District Director, Distinguished Toastmaster, Maree Pickens.

I am in no doubt that this year all clubs in the District will achieve even more than they did last year.

Key Focus / Current Initiatives

The Awards Gala was a great success, with over 120 people in attendance.

My key focus for the remainder of the year will be to provide key leadership opportunities to those individuals who would like to contribute to the success of the District while further developing their own leadership skills.

Area Director Visits

Club Name	Visit Date	Notes / Issues
Kaya Toastmasters — CB-28678328	15 July 2026 ☐ Not yet scheduled	<i>I was impressed by how engaging and well-structured the meeting was, with a genuinely welcoming atmosphere for members and guests alike. Going forward, the club would benefit from tighter time management and a stronger push on Pathways completion to round out an already strong foundation.</i>
Toasting Human Energy Toastmasters Club — CB-7293526	7 July 2026 ☐ Not yet scheduled	<i>As Area Director, I found the club buzzing with energy and impressively efficient, running a full meeting within a tight one hour lunch slot without losing momentum. It was great to see so many new members joining in, with Maree's support clearly playing a key role in making everyone feel welcome and engaged.</i> <i>Some issues in communicating with the Club officers, continued attempt to contact them.</i>
Terrace Talkers — CB-1204793	8 July 2026 ☐ Not yet scheduled	<i>The club showed strong energy and ran a tight, well paced meeting despite the constraints of a one hour lunch slot, welcoming a healthy number of new members along the way, with Maree's support proving invaluable throughout. One area to build on: engagement for hybrid and online attendees needs more attention, so they feel just as included as those in the room.</i>
UWA College Row Toastmasters	14 July 2026	<i>This club drew a strong turnout of visitors, many of</i>

Club Name	Visit Date	Notes / Issues
Club — CB-5755035	☐ Not yet scheduled	<i>them international students, and impressively entrusted them with key meeting roles, fostering excellent engagement among participants throughout. One concern to flag: the meeting ran significantly overtime, which will need closer attention going forward to keep future sessions on track.</i>
UWA — CB-1155864	7 August 2026 ☐ Not yet scheduled	<i>Currently an inexperienced club with plenty of room to grow, but they're eager to learn, requesting a Club Officer Training (proposed for 14/08, 2PM, 1 hour, in person) and guidance on Pathways, which they haven't yet explored. They're keen to visit College Row and Kaya clubs to see stronger meetings in action, and with their enthusiasm and gratitude for the support, I'm hopeful UWA will be a performing club within the next 4-8 weeks.</i> <i>Some issues in communicating with the Club officers, continued attempt to contact them.</i>

Success Stories

Club Name	Notes / Issues
Kaya Toastmasters — CB-28678328	<i>Kaya Toastmasters saw a fantastic turnout of visitors at a recent meeting, and true to the club's welcoming reputation, four of them converted to members within the month. It's a great example of how a well run, engaging meeting can turn curiosity into real, lasting commitment.</i>
Toasting Human Energy Toastmasters Club — CB-7293526	<i>Table Topics with a spin-the-bottle format brought a fantastic energy to the meeting, sparking genuinely engaging and clever responses from participants. It was a smart, memorable way to get everyone thinking on their feet and kept the room fully engaged.</i>
Terrace Talkers — CB-1204793	<i>The first-time icebreaker speech received a wonderful round of celebration from the club, making the milestone feel truly special for the new member. The Hark Master role added a fun, interactive touch too, with chocolates handed out for responses keeping engagement high throughout the meeting.</i>
UWA College Row Toastmasters Club — CB-5755035	<i>Visitor and member engagement at this club was outstanding, with everyone in the room feeling genuinely welcomed and appreciated. That warmth clearly came through in how actively visitors participated, making for a truly inclusive meeting.</i>
UWA — CB-1155864	<i>Despite being a newer, less experienced club, UWA members showed real versatility on the day, stepping up into roles they hadn't tried before and delivering them well. It's a promising sign of the adaptability and willingness to grow that will serve them as they work toward becoming a performing club.</i>

Comments / Notes / Issues

No Area Council Meeting has been scheduled. Instead, we maintain regular (monthly) Area reporting through email, supported by one-on-one phone calls whenever clubs need assistance or wish to discuss any issues. Each phone discussion is followed by an email summary for clarity and record-keeping. This system has been working very well across the Area.

Success Stories

Club Name	Notes / Issues
Speak Easy Ellenbrook Toastmasters Club — CB-1562202	SpeakEasy Ellenbrook Toastmasters is currently the largest club in N24. Their members show a strong sense of community and genuinely enjoy spending time together. They run social events regularly and the camaraderie is obvious the moment you walk in. We often talk about the theory of building club culture but we are slow to put it into practice. This club demonstrated exactly what happens when you actually follow through. You get a vibrant, connected and enthusiastic membership. The visit was a real eye-opener.

Area Director Visits

Club Name	Visit Date	Notes / Issues
Melville Toastmasters Club — CB-7840787	27 August 2026 ☐ Not yet scheduled	Club is expanding fast. Four visitors. Active participation of all members.
Willetton Toastmasters — CB-3022546	27 July 2026 ☐ Not yet scheduled	🎄 Christmas in July at Willetton Toastmasters! 🎄 What a joy it was to visit Willetton Toastmasters today, in my role as Area Director, for their wonderful Christmas in July special meeting. A warm, festive atmosphere and a room full of energy and fellowship! It was my privilege to present the club with its President's Distinguished Club certificate — the highest recognition in the Distinguished Club Program. A tremendous achievement that reflects the dedication and hard work of every member. 🌟 I was also delighted to present Triple Crown medals to two of the club's members, celebrating their outstanding commitment to their leadership and communication journeys. 🏆🏆 Congratulations to the President, the committee, and all members of Willetton Toastmasters. You've set a shining example for our Area and the Southern Division. Keep up the fantastic work! 🌟
