Toastmaster Leadership Institute

A total of 278 out of 420 District 17's Club Officers were trained at the July Toastmaster Leadership Institute. 55 out of our 60 clubs had a minimum of 4 Club Officers trained to meet their Distinguished Club Program Goal. The three Division Governors created an interactive and relevant program for those that attended TLI. The District is currently creating a program for the second round of TLI to meet the challengers that Club Officers are facing in their clubs.

Convention 2012 – Vitto, Vino, Voci at the Vines

District 17's inaugural Convention on the 26 and 27 May 2012 is being co-chaired by Judith Allen and John Pawley. The co-chairs have effectively co-ordinated an exceptional team of Toastmaster members to provide us with what should be a very memorable inaugural District 17 Convention. I am pleased to announce that we have secured the 2011 World Champion of Public Speaking, Jock Elliott and Toastmaster's Region 12 International Director, Mike Storkey as presenters at the Convention.

Competitions

All three District 17 Divisions, Central, Northern and Southern Divisions have conducted their respective Humorous and Table Topics Competitions. The quality of the competitions so far has been of an exceptional standard. It is disappointing that the competitions do not attract more of our member's attendance. Competitions give us the opportunity to see our better speakers compete at a higher level. We can all learn from observing and supporting our fellow members in the Competitions.

Training

The Executive of District 17 is committed to provide extra training for our members in 2011-2012. We have conducted the following very successful Educational Workshops far this year:
Competition and Judging Workshop Martin Lindsay
Evaluation Workshop Darren Fleming

There are several workshops that the District will be conducting in the remainder of 2011-2012 culminating with the VVV Convention in May 2012.

Distinguished Club Program

I hope that all clubs and club officers are focusing on their individual members needs. If we fulfil our individual member's needs the resulting effect is that the Distinguished Club Program goals will be achieved. The following clubs have had exceptional results so far in the Distinguished Club Program:

CLUB	DCP GOALS ACHIEVED
Swan	5
Armadale	5
Canning Vale	8
Southern River	6
Victoria Quay	8

Summary

I am very confident that District 17's Educational and Training Targets for 2011-2012 will be achieved.

Toastmasters in District 17 now have on offer a multitude of Educational and Training opportunities to develop their skills.

As District 17's LGET I am committed to provide all our members, value for their membership by promoting the Toastmaster Educational Tracks and making available as many additional Educational Events as possible in 2011-2012.

2012 District 17 Convention Report to November 2011 District Council

The Inaugural District 17 Convention looks set to be a fantastic convention. The convention committee have been working very hard to ensure that the first district convention sets a very high standard for future conventions.

We are proud to announce that the newly crowned 2011 World Champion of Public Speaking Jock Elliott will be attending as our keynote speaker. It is rare for an Australian to win the International Speech Contest, so we are privileged to have him visit our district so soon after his success. As well as Jock, we will have a range of speakers who be leading our workshops. Ross Wilkinson is doing a superb job in attracting these speakers. We will have a range of communication and leadership topics in our workshops, including some non-Toastmaster topics.

The planning for the social highlight of the convention, the Dinner Dance, is well under way and is being lead by the Kalamunda club. The convention's other highlights such as the opening and closing ceremonies, speech contests, DTM breakfast and District Council all look set to be highlights of the convention.

We urge all Toastmasters to register for this convention. Convention is a great opportunity to expand your communication and leadership skills. By listening to the very best speakers, attending workshops and the social events, you can expect to be inspired to further your Toastmasters training. Early, early bird tickets are selling fast, so I encourage everyone to register as soon as possible to avoid disappointment. I also ask all District leaders to sell convention to their areas and clubs. We have printed off flyers for our clubs to distribute to their members to let them know about convention and to encourage registrations.

We would like to thank everyone working on the convention, with special mention to the District Executive team lead by Mark Richards and by Ian Pickens as Convention Co-ordinator. We look forward to seeing everyone, at what promises to be a first-class convention.

Kind Regards,

Judith Allen and John Pawley

Convention Co-Chairs

The District 17 History Project

Judith Allen DTM and David Nicholas DTM have been appointed District 17 Historians by District Governor Mark Richards DTM. We have started working on the project.

When does our History start?

District 17 in Western Australia came into formal existence on July 1st this year, 2011. However our history goes back well before that time – to our first WA Club, an early version of City of Perth, in 1968.

Our sources of information

We have some excellent sources of information. Current member Peter McDonnell was a member of the original City of Perth and has maintained his Toastmaster membership through various clubs since then. The first Western Division Governor was Murray Jorgensen and he is a member of the current City of Perth club. Other current members who joined in the 1980s are Les and Valda Ross, Karen Tregenza and Gladys Lavell.

Andrew Breedon has prepared a history of District 73 and it includes important information about WA Clubs and members. Since 2000 David Nicholas has been recording information about the Distinguished Club Program and Member Awards for WA Toastmasters. Recently Ian Pickens prepared a useful sketch about the background to the setting up of our new District 17.

The location of our History

Webmaster David Nicholas has already set up a section of the District 17 website to display information as it is obtained. There will be data and stories. Already David has constructed a table of Clubs, arranged chronologically, and showing their Charter dates. Some Clubs have not yet been identified. We hope to locate them all.

We need help

We need help from members who know of past events and past members. We are looking for accurate data and for stories.
